MILLS TO CALDWELL

On August 6th Hon. I. R. Mills, Republican nominee for congress in this district, in an open letter to Ben Caldwell, the Democratic nominee for congress submitted five questions as follows:

After answering all of your propositions I desire to submit to you a like number which I regard as of great importance and inseparably connected with any discussion that may take place upon this financial question upon which I shall expect you to define your position with like promptness and directness.

1. I believe that there can be but one standard of value maintained in any monetary system and that we are compelled to choose between the present gold standard and the silver standard. As all property rights and our entire monetary system is now adjusted to the present gold standard and as all the leading commercial nations of the world with which we carry on our foreign commerce have adopted and now maintain the gold standard, I am in favor of its maintenance.

2. I believe that the business interests of the country, the convenience of the people and the good faith of the government demand the maintenance of all our different forms of money especially our gold and silver coins as a parity. Every dollar, whether of coin or paper, must be made and kept as good as every other dollar.

3. In my judgment the government can only maintain the parity of the different forms of money in circulation by paying its obligations in that kind of money desired by the creditor, and that to force any particular kind of money in payment of any of these obligations would be such a discrimination as would destroy this parity.

4. In my judgment the people want and their interests demand that both gold and silver should remain a part of the circulating currency of the country, and that the real object to be secured is the concurrent circulation of both coins at all times exchangeable and with equal purchasing power and any system of coinage that would deprive the people of either, or drive either out of circulation, would be detrimental and should not be adopted.

5. As all existing private and nearly all our public obligations, especially the bonds recently purchased by the people in order to carry on this war with Spain, have been contracted under the present gold standard, and gold, or its equivalent paid thereon, I am in favor of the payment of these obligations in as good money as that received by those debtors and the government. An every laborer is a creditor to the extent of his wages, and every soldier, and sailor to the extent of his salary, I am in favor of paying these wages and salaries in as good money as any nation on earth pays its laborers, soldiers and sailors.

I am not particular whether you define your position upon the propositions as the president of a national bank, the owner of state banks, a capitalist, plutocrat, a farmer, a Democrat, a Populist, or a Greenbacker, so you do it honestly, fairly and directly.

In order that the people of this district may not be disappointed in their anticipation of a public discussion of these questions, I now challenge you to a public debate upon these financial questions now in issue between us. The time, place and details of such debates to be determined by the respective chairmen of our congressional committees.

I have the honor of being truly yours,
I. R. MILLS.

SURVEYING WORK

Was Done Yesterday in the Vicinity of the Depot.

When Mayor Taylor and the city engineer met with the railroad officials to discuss the grading for the new depot, Engineer Loring took measurements and is making a plan and profile of the grading. This will be submitted to the property owners in the neighborhood and it will probably be several days before the matter of grading for the depot is settled.

Swallowed Lye.
The two year old son of Mr. and Mrs. E. L. Boesinger of 1128 North Calhoun street got hold of a can of lye which his mother was using in washing yesterday and attempted to drink the lye. It is not known just how much of the liquid he swallowed but the contents of the can were spilled over his face, throat, breast and hands and burned him severely. Dr. Everett J. Brown attended him. The wounds are very severe but it is not thought that they are serious.

For Students.
The Misses Glover entertained the members of the Christian Endeavor society of the Congregational church last evening in honor of those of the society who will leave shortly for school. Those who will go away are Miss Jeannette Drake, U. of I., Clara Mitchell, U. of I., Winifred Elliott, state Normal; Arthur Linney, Illinois college; Edna Lindsey and Mrs. Nettie Ackerman Kindergarten school, Chicago.

Found His Father.
The little boy who was lost yesterday afternoon and whom the police had in charge for several hours, turned out to be the son of Thomas Bailey, living on North Water street. When it was learned who he was the child was put in the patrol wagon and taken home. He wanted to stay with the wagon and raised a fuss when the police took him out.

Schools Will Open.
Some of the county schools opened last Monday and many of the others will open next Monday for the fall term. Nearly all of the schools will be open next week.

The city schools will also be opened on Monday. The prospects are that the attendance this year will be large.

Mrs. R. V. Cummings of Farmer City will arrive this evening for a week's visit with her daughter, Mrs. Arthur Smith.

ON A FURLOUGH

Will Armstrong is Home to Visit a Month.

WILL BE MUSTERED OUT

At the End of That Time—Boys Had

Fun While at Fort Sheridan

—Many of Regiment

Were Sick.

Will Armstrong, a member of Troop, D of the 1st Illinois volunteer cavalry, is home on a furlough to visit his parents, Mr. and Mrs. W. C. Armstrong. He went to Springfield about two months ago and joined the troop which was formed at that place under Captain Will Roberts.

Armstrong says that he has a furlough of 30 days. The regiment is now at Fort Sheridan and the men expect to be mustered out soon. The work of turning over all of the equipments of the regiment is considerable of a task, so it was decided to give most of the men a furlough and keep a small detachment to get the equipment in shape to turn over to the government. Every little thing must be checked up and accounted for and if anything is missing it must be paid for by someone. Armstrong says that he himself has been quite fortunate in not contracting fever but that the 1st cavalry has had more sickness than most of the regiments. The men have been stationed at Chickamauga most of the time but came to Fort Sheridan a week ago. On the way north they were treated royally. Armstrong says that at every station the soldiers could simply reach out and get anything they wanted to eat from the well filled baskets which the people brought to the train.

At present Armstrong says there are about 100 men of the regiment who are sick and that not more than 25 men out of each troop are fit for duty. It has been necessary to keep up the regimental hospital all the time since the regiment went into service. The men were very much relieved when they came north and got away from the intense heat and at Fort Sheridan they have been having a good time. Armstrong says that if the men of the regiment didn't get to fight Spaniards they certainly did learn a good deal about carrying horses. A great deal of their time was spent in that way and some of the young men who never before did that kind of work have had the benefit of a lesson in training.

Herb Mayry of Forsyth who is a member of the regiment was quite fortunate in being promoted. He entered as a sergeant of the hospital corps and now he is a lieutenant and is third from highest in rank in the corps.

Mackinaw Falls, Sept. 1, 1898.

A basket picnic, slack wire performance and band concert. Spencer's band of Peoria needs no recommendation; Goodman's band of Decatur is equal to any; Bauer's military band of Pekin and Mattoon military band are too well known by all to need an introduction to the public. Mr. Polaski and Clinton bands will also be there with such an array of talent it would be impossible to comment in too high terms the character of the music which will be discoursed at Mackinaw Falls on the above date. Don't miss it. Cheap rates via the P. D. & E. Ry. Special train service. Call on your ticket agent for particulars.—31-11

For Mrs. Fisk.
Miss Lillian Fletcher last evening entertained about one dozen couples at Riverside park in honor of Mrs. George Fisk, who will leave today for a lengthy visit in Ohio. Supper was served at 6:30 and the remainder of the evening spent at the park.

Death of Weaver Infant.
The four months' old son of Mr. and Mrs. Arthur Weaver, living four and one-half miles northwest of the city, died last night of cholera infantum after an illness of one week.

Adj. A. Miles at W. C. T. U. Hall.
Adjutant Miles of St. Louis will conduct meetings at the W. C. T. U. tonight at 8 p. m. and tomorrow at 11 a. m. Adjutant Miles will also address the Y. M. C. A. Sunday at 4 p. m. and speak at the Baptist church Sunday at 8 p. m. All are invited.

The lecture on "What Are We Here For?" which was to have been given by Colonel Stanley at Wesley church on the evening of September 18 has been postponed until the 20th. The sale of seats has been excellent and a large attendance is anticipated.

O. B. Sanford of Chicago is spending today and Sunday with Decatur friends.

TYPHOID FEVER

Cases Develop Rapidly Because of Hot Weather—One Case of Scarlat.

A number of typhoid fever cases have developed in the past week. This is the regular season for the appearance of the fever and unless there is a change to cooler weather soon many more will develop. The protracted heat always brings on the fever and the months of August and September never fail to bring a large number of cases. So far this year the cases have been considerably less than last year.

Mrs. L. H. Jackson of 1187 East North street is ill of typhoid and is being cared for at the hospital. Emory Bridges of North Jackson street is also ill of the fever.

Mrs. E. B. Cogood's condition this morning shows slight signs of improvement.

The small son of Mr. and Mrs. John E. Hard of 486 East Condit street is ill of scarlat fever.

THE G. A. R. ENCAMPMENT

A Large Number Will Go From Decatur to Cincinnati.

There will be a large number of the members of the G. A. R. of this city who will go to Cincinnati next week to attend the national encampment. They will leave at 9:30 o'clock Monday morning on the I. D. & W. A party of 50 or 60 from the neighborhood of Elton and Argenta, and others from the neighboring towns will leave on the same train with the Decatur party. About 60 from Decatur will be in attendance at the encampment.

BASE BALL.

NATIONAL LEAGUE.

Philadelphia 19, St. Louis 4.
Pittsburg 5, New York 4.
Boston 6, Cleveland 6, (10 innings).

The lips may laugh when the body itself is crying out in anguish. When a woman laughs it does not mean that she is happy. It is a woman's province to please, and she will happily endeavor to do this until the most harrowing circumstances, if she is a woman who is considered happy, and charming, and entertaining, secretly endure suffering that would drive the average man to a madhouse. In almost every instance these sufferings are due to disorders of the distinctly feminine organism. They rob a woman of her health, her beauty, her ability, her usefulness as a housekeeper, her capability as a mother, and her charm and power in the social and religious world.

There is a safe, sure, speedy and permanent remedy for these troubles. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important feminine organs that bear the brunt of maternity. It endows them with health, strength, vigor and elasticity. It allays inflammation, heals ulceration, soothes pain and stops exhausting drains. It banishes the maladies of the expectant months, and makes baby's advent easy and almost painless. It ensures the new-comer's health and an ample supply of nourishment. It fits for wifehood and motherhood. Thousands of women who were almost hopelessly ill have testified to their recovery under this wonderful medicine. Medicine dealers sell it. Accept no substitute or inferior imitation.

"For seven years," writes Mrs. Louis Arthur, of Oswego, Ireland, Co. N. C. "I suffered untold agony from female troubles. I commenced taking Dr. Pierce's Favorite Prescription and improved very fast. It saved my life."

Only 25 one-cent stamps to cover mailing of a free copy of Dr. Pierce's Common Sense Medical Adviser. Cloth binding 3 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

PERSONAL.

NO DEATHS AT SANTIAGO

WASHINGTON, Sept. 3.—For the first time since the invasion of Cuba by Shafter's army no deaths are reported today from Santiago. When Lawton's bulletin was posted in the war department the remarks it evoked were gratifying. The report showed a big reduction in the number of sick and indicated but seven new cases of yellow fever.

Following is General Lawton's daily report of health conditions at Santiago: Santiago, Sept. 3.—Total sick 220; total fever 109; total new cases fever 7; total returned to duty 22; deaths none.

LIVED OVER 100 YEARS

LINCOLN, ILL., Sept. 3.—Mrs. Nancy Clayton, the oldest resident in Logan county and probably central Illinois, died at her home in this city at midnight at the age of 109 years. The centenarian was born in Ireland in 1795. At the age of 80 she was unusually active and could read without the use of glasses.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
